Welcome to this year's Annual Report to Tenants

It includes information about performance we give the Scottish Housing Regulator.

We postponed our full customer satisfaction survey last year, and we are carrying it out this year instead.

The Regulator allows social landlords to use the same indicators for up to three years.

As a result, the tenant satisfaction figures reported here – which we've also given to the Regulator over the past three years – are from 2019-20 and are marked with an asterisk (*).

The stock, performance and other information presented here for Wheatley Homes East includes what was West Lothian Housing Partnership and Dunedin Canmore Housing, which joined forces after a tenant ballot and subsequent transfer in September 2022.

Supporting our tenants

Many people struggled with the cost-of-living crisis and we did everything we could to help.

We supported tenants to pay their rent and other bills, put food on the table, access work and training and furnish their home.

Homes and communities

We want you to be proud of your home and neighbourhood.

As well as building new homes, we work to make existing homes safer, more energy efficient and more attractive.

Homes and communities

You told us you wanted us to build more family homes. We'll build around 320 family homes over the next five years.

On allocations, you said we could make our priority bands clearer and provide more information, which we have done.

Your repairs service

Listening to you helped us improve the repairs service.

We always try to arrange repairs at a time to suit you.

We're also focusing on damp and mould.

We improved communication around repairs with 'Book It, Track It, Rate It'.

Your repairs service

It updates tenants on when a tradesperson will arrive and helps us reduce failed appointments. The instant feedback helps us make further improvements.

We'll also look at expanding 'Book It, Track It, Rate It' to cover a wider range of repairs.

Rent and value for money

The cost-of-living crisis means it's more important than ever for tenants to feel their home and services are good value for money.

We helped tenants struggling with the rising price of food and energy and the challenges caused by Universal Credit.

Engaging with tenants

Giving tenants real influence over decision-making remained a priority.

Focus groups – on repairs, for example – help us improve our services.

Surveys, neighbourhood walkabouts, open days and other ways tenants make their voices heard make sure we reflect your priorities.

Engaging with tenants

We introduced patch newsletters to keep tenants updated on developments in their local area.

Other newsletters give tenants feedback on events we held and changes we are making.

We've expanded the Group Scrutiny Panel, which now includes more than 30 customers from all parts of the group. The Panel meets quarterly to review our performance. At each meeting, the Panel also selects a spotlight focus, such as allocations or anti-social behaviour. The Panel has established a sub-group which is currently carrying out a thematic review of our repairs communication. Their report will be shared on our website later this year.

Your feedback can help us improve things. Phone 0800 561 0088.

Landlord self-assurance is at the heart of the Scottish Housing Regulator's approach to regulation. An important element of this is our Annual Assurance Statement. We have assessed compliance against the relevant regulatory requirements and the Wheatley Group Board considered evidence at its meeting on 30 August 2023. The Wheatley Group Board has confirmed that all Registered Social Landlords which are part of Wheatley Housing Group Limited – Wheatley Homes Glasgow, Wheatley Homes East, Wheatley Homes South and Loretto Housing Association – comply with all relevant requirements set out in the regulatory framework. The full statement is available to view at www.wheatley-group.com We also comply with the Scottish Social Housing Charter. This Annual Report provides an assessment of our performance against the outcomes and standards.
